

Techno Societal-2018

2nd International Conference on Advanced Technologies for Societal Applications

14-15 December 2018

Patrons of The Conference

Dr. Anil Kakodkar

Dr. Anil D. Sahasrabudhe

Dr. Kota Harinarayana

Foreign Speakers

Dr. KC Santosh,
University of
South Dakota,
USA

Dr Gyorgy Szekely,
University of
Manchester,
UK

Dr. Christina Georgantopoulou,
Kingdom of
Bahrain

Dr. Shiv Kapoor,
Urbana-
champaign

Dr. Akhtar Kalam,
Melbourne
Australia

Dr. Daniel Steenstra ,
Cranfield
University,
UK

Dr. Satish Bukkapatnam,
TEES, USA

Dr. Botir Usmonov,
Uzbekistan

Dr. Mbuya Thomas Ochuku
University of
Nairobi

Dr. Agus Budiyo
RMIT
University,
Australia

Technology has a remarkable influence on the society in general and on human life in particular. Society has a cyclical and mutual dependence on technology. Technology has created many avenues and opportunities that were hitherto unimaginable. Since it has become a part of people's living rooms, the needs and demands for a safe technology has been on the rise. Improper use of technology has raised many flags of concern over the environment and overall well-being of the society. Technology is needed for activities such as communication, travel, trade and commerce, education, medicine, etc. Thus, it is high time to create technologies that are safe and relevant to the societal needs. We have come of age and time to tackle some of society's most compelling issues pronto. It is no longer adequate to work in cells, taking on small sections of the problem at a time. Rather, it is imperative to pool knowledge and resources around the world to create opportunity, empowered by technology, for the society to improve life.

So, this conference offers a multidisciplinary platform for researchers from broad range of disciplines of Science, Engineering and Technology for reporting innovations at different levels. The key motivation for developing these technologies should be to bring change in the society. These technologies may be for betterment of differently abled people, Environment friendly, Livelihood, Rural Employment, Agricultural, Healthcare, Energy, Transport, Sanitation, water, Education, etc.

This conference will also help innovators to share their best practices or products developed to solve local problem. This back and forth process for local-global interaction will help in solving local problem by global approach and help in solving global problem by improving local conditions.

BACKGROUND OF CONFERENCE

Bhabha Atomic Research Centre (BARC), Mumbai decided to bring the faculty members of various engineering colleges together to solve the regional relevant problems under the guidance of eminent researchers from various reputed organizations, in the form of first theme meeting in 2012 to share their experience of collaborative research and product development to explore the use of advanced technology in service of rural India. The second meeting was also encouraging to involve various faculty members of engineering colleges, which held at Walchand College of Engineering, Sangli. Then third, fourth and fifth theme meetings were held at Shri Vital Education and Research Institute (SVERI), Pandharpur in 2014, 2015 and 2017 where more than 150 participants from all over Engineering Colleges in Maharashtra participated in these theme meeting.

During these theme meeting it was decided to involve international community to exchange ideas to societal problems through technology. Therefore, first International Conference on Advanced Technologies for Societal Applications organized on 20-21 December 2016.

Techno-Societal 2016 was a first international conference aimed at creating a growing sense of responsibility to solve the challenges of society especially through technology. More than 400 papers were submitted of which 193 full papers were selected. During the conference about 20 keynote speaker sessions were arranged in order to give direction and contribute to specific research areas. For the purpose of Proceedings of the Conference were published by international Springer publisher.

TENTATIVE TOPICS IN TECHNO SOCIETAL-2018

- Advanced Technologies for Water, Energy, Transportation, Housing and Sanitation
- Mechatronics, Micro-Nano Related for Bio and Societal Applications
- Chemical and Physical Processes
- Commercially Successful Rural and Agricultural Technologies
- Deployable Environment or Health Care Technologies
- Holistic Approach for Sustainable Technologies
- ICT based Societal Technologies
- Lab-Level Advanced Societal Technologies
- Sensor, Image and Data driven Societal Technologies
- Technologies for Rural and Agricultural Employment Generation
- Manufacturing and Fabrication Processes for Societal Applications
- Engineering for rural development
- Indian rural challenges

WHY TECHNO SOCIETAL-2018

- Opportunity for changing Society through Technology
- Demonstration of Developed technology to Right Audience
- Rural Location of Conference, to get real input
- Existing SVERI-Societal model may Inspire
- Interaction with multi-disciplinary Scientific Community
- Chance to get Published in Relevant Journals
- Exposure to funding agencies
- Spiritual Connect of Pandharpur and Agri-connect of Rural Pandharpur

How to submit Paper?

<https://easychair.org/conferences/?conf=technosocietal2018>

<http://techno.sveri.ac.in>

Deadline for Paper: 31st July 2018

Early Registration: 31st October 2018

Where is Conference? SVERI's College of Engineering, Pandharpur, Dist: Solapur

web: www.sveri.ac.in

PATRONS:

Dr. Anil Kakodkar, Great Indian Scientist, Ex-BARC, Mumbai, India

Prof. Anil Sahastrabudhe, Chairman All India Council for Technical Education, Delhi, India

Chairman Organising: Dr. B. P. Ronge (Principal)

Cordinators: Dr. Prashant Pawar (Dean R & D)

Co-Coordinator: Dr. N. D. Misal (Principal, COE Poly), Dr. S. M. Mukane (Dean Administrative)

SCIENTIFIC ADVISORY COMMITTEE:

- Prof. Shiv G Kapoor Uni. of Illinois, USA
- Dr. Satish T.S. Bukkapatnam, Texas A&M University, USA
- Dr. Santosh K.C., University from South Dakota, USA
- Prof. Agus Budiyo RMIT University, Australia
- Dr. Botir Usmonov, Dy-Minister of the Higher edu. Uzbekistan
- Dr. Sol Haroon, Georgia Institute of Technology, USA
- Dr. Sourav Goel, Queen's University, UK
- Dr. V. K. Suri, Ex-Scientist, BARC, Mumbai
- Mr. Ajit Patankar, Member, RGSTC, Mumbai
- Mr. P. S. Dhekane, Sci. Consultants, PSA, Delhi
- Ms. Smita Mule, BARC, Mumbai
- Prof. Suhas Joshi, IIT Bombay
- Dr. R. Balasubramaniam, Scientist, BARC, Mumbai
- Prof. K. Rajanna, IISc Bangalore
- Prof. P. Radhakrishnan, PSG Coimbatore, India
- Mr. Anand Kamat, Microsoft Hyderabad, India
